

Rainrock's Pain Relief Line

Help for Pain Sufferers

Rainrock Nutritionals, Inc has designed an extensive line of potent natural pain relief supplements to help ease your discomfort and suffering.

Fibromalate is a special blend of magnesium, manganese, chromium, malic acid, MSM, N, N-dimethylglycine (DMG), Devil's Claw and vitamins B1 and B6 designed to alleviate symptoms of fibromyalgia. These ingredients were carefully selected to meet the current state-of-the-art supplementation requirements in a complementary approach to fibromyalgia care. Compare with other fibromyalgia supplements.

MSM is a well-known supplement used in both the crystalline and liquid form (as DMSO) for over 40 years for its potent analgesic and anti-inflammatory properties. The crystalline MSM form is considered by many to be the superior product because it *eliminates* the minor but unpleasant side effects of DMSO ("oyster" taste, garlic breath, minor skin irritation). MSM has also been shown to be effective in other conditions like GERD (Gastro-intestinal Esophageal Reflux Disease), hyperacidity, chronic allergies, scarring (including keloids), sinusitis, asthma, etc.

DLPA Plus is a special blend of DL-Phenylalanine, MSM and a standardized extract of Devil's Claw. DL-Phenylalanine is an amino acid that has the effect in enhancing endorphin production and selectively blocking chronic pain *without* blocking normal pain receptors. It also becomes more effective over time and no tolerance problems have been reported. Devil's Claw has long been effectively used for pain and inflammation.

If you suffer the debilitating effects of chronic pain or have pain from arthritis, injuries or other causes then one or a combination of these products could be your key to ending the cycle of pain, loss of productivity and sometimes depression and sleeplessness that result.

Fibromalate 100 Capsules (Suggested Retail \$17.00). MSM 100 Capsules (Suggested Retail \$17.00). DLPA Plus 100 Capsules (Suggested Retail \$20.00)

These sources of pain and suffering are only a few of the target conditions:

- | | | |
|--|---|---|
| <ul style="list-style-type: none"> ▶ Chronic Pain ▶ Fibromyalgia ▶ Back Pain ▶ Inflammatory Pain | <ul style="list-style-type: none"> ▶ Arthritic Pain ▶ Muscle Pain ▶ Burns ▶ Sports Injuries | <ul style="list-style-type: none"> ▶ Tooth and Dental Pain ▶ Chronic Headache ▶ Carpal Tunnel Syndrome ▶ Tendonitis |
|--|---|---|

Some of Rainrock Nutritionals synergists for these formulas are:

Bioflav C, Boro Cal Plus D, Chondrosamine, Andepress, Glucosamine Sulfate, Insomnaplex, Magnesium Forte, Omnizyme® or Omnizyme Forte®, Melatonin, Natural Vitamin E or E Complex, Niacin 500 Time-Released, Niacinamide 500, Super B15

Remember that many of the conditions causing chronic pain have often been in existence for long periods, in some cases years. Quick results are often seen but sometimes require a few days and sometimes a few weeks to be noticed with natural products. Please keep this in mind when treating chronic suffering.
